New Delhi, India

EDUCATION

Guru Gobind Singh Indraprastha University

New Delhi, India

2027

- B. Tech - Information Technology 2023 –
- GPA 8.81 (Till 6th Semester)

PROJECTS

- **Wired Ai :-**
 - [Wired AI](#) is a FastAPI-based agentic voice research assistant that answers queries from uploaded documents or the web using Retrieval-Augmented Generation (RAG).
 - **Skills:** Python · RAG · React · ChromaDb · LangGraph · STT/TTS · LlamaIndex
- **Modco :-**
 - [Modco](#) is a reinforcement learning-based AI content moderation system capable of classifying toxic, spam, and unsafe content with automated grading and evaluation pipelines.
 - **Skills:** Reinforcement Learning · NLP · Hugging Face · ML · Python · LLMs · Docker
- **Xecure :-**
 - [Xecure](#) is an AI-driven image verification system designed to detect fake refund images, AI-generated photos, and manipulated visual evidence using AI analysis and risk scoring.
 - **Skills:** Python · Fast Api · Mern Stack · Tailwind CSS · AI/ML
- **Renture :-**
 - [Renture](#) is a peer-to-peer vehicle rental mobile app that enables users to list and rent scooters, bikes and cars directly from owners.
 - **Skills:** Flutter · Supabase · Google API
- **Vanilla :-**
 - [Vanilla](#) an AI-powered scam detection app that identifies fraud calls, phishing links, and scam messages in real time to protect users from digital fraud.
 - **Skills:** Flutter · Firebase · NLP · Jupyter · ML · Python · LLMs

SKILLS

- **Programming Languages:** Python, JavaScript, Typescript, C++ and Dart.
- **Frameworks:** PyTorch, Streamlit, OpenCV, MEAN Stack, MERN Stack, LLMs and Flutter.
- **Tools:** Git, Google Colab, VS Code, Codex, Cursor, Claude Code and Android Studio.

CERTIFICATIONS

- **Introduction to Large Language models** **NPTEL**
Learning core technology of LLMs from IIT Delhi Professors.
- **Introduction to Machine Learning** **NPTEL**
Learning machine learning concepts with math from IIT Madras Professors.
- **MEAN STACK with AWS and Docker** **SimpliLearn**
Learning MEAN STACK, AWS and Docker from pioneered experts.

VOLUNTEER EXPERIENCE

- **Ai/ML and Tech Member at Google Developer Group On Campus ADGIPS** 2024-Present
Contribution towards Tech growth at ADGIPS.
- **Contributor at Social Winter of Code** 2024-Present
Developing effective open source solutions for social benefit.
- **Actor at Yakshagna** 2023-Present
Bringing to stage through engaging performances.
- **Member of Quintessence** 2023-Present
Developing critical thinking and communication skills.

LEADERSHIP EXPERIENCE

- Led various teams of hackathons to deliver meaningful and impactful solutions.
- Nasa Space App Challenge Noida(Top5), Google Solution Challenge (Internal Hackathon Winners), Smart Delhi Ideathon 2025 (Under Top 30 Teams), Vihan8.0 (DTU), HacknChill(ADGIPS), Smart India Hackathon (Internal Round) and VesHack (GGSIPU).
